Willi knows every vine, its strengths and pitfalls. He brings out the best, according to his motto: at the origin of an exceptional wine are the excellent vineyards. Christine is everywhere: in the vineyard, in the cellar, in the tasting room and the office, where they organize aperitifs and tastings. Michael is responsible from the vinification to bottling. After a winemaker formation, he has gained experience in several national and foreign wineries. Thanks to his determination, desire for change and new ideas, because he has, in recent years, made this traditional and family vineyard into an innovative cellar.
