Domaine du Clos des Pins

Right bank (Mandement), Geneva

★ Swiss Wine Memory .

The name of Ramu has been associated with the domain since 1321. The estate is managed rigorously keeping the requirements of the grape varieties and their environment in mind. The soil is very diverse, from the Rhône River at an altitude of 350 meters, to the top of the Dardagny hill at an altitude of 500 meters. The winemaker has chosen a gravelly terroir overlooking the Rhone and south-facing for the Syrah, reserving vineyards with a softer soil at medium altitude for early varieties. By combining modern and traditional methods of vinification, the estate produces many wines whose reputation for excellence have crossed the borders.
