The estate and the "Ochsen" in Malans have been over 100 years in the Donatsch family. The philosophy of this family business is to produce typical wines with the highest standards of excellence. "For five generations, we have lived for the wine. The trends are always one step ahead, but we have remained true to the culture and tradition". In 2010, Martin Donatsch won the title of "World Championship of the Pinot Noir Producers". The following year, in 2011, he won the title again! But his dreams of excellence are still far from being satisfied ... his feet deep into the ground, he continues to prepare tomorrow's wines. Vinotiv member.
